PROFESSIONAL SUMMARY

Artificial Intelligence and Machine Learning enthusiast pursuing an Integrated M.Sc. in Computer Science with practical experience in full-stack web development, machine learning, and natural language processing through academic projects and internships. Passionate about developing practical software solutions, solving real-world problems, and continuously learning emerging technologies.

EDUCATION

Integrated M.Sc. Computer Science (AI & ML) 2022 – 2027
Bharata Mata College (Autonomous), Thrikkakara, Kerala
CGPA: 3.74 / 5.00

Higher Secondary (Kerala HSE) 2022
St. Paul's Higher Secondary School, Kozhinjampara
Percentage: 89%

Secondary School (CBSE) 2020
Ahalia Public School, Kozhipara
Percentage: 86%

TECHNICAL SKILLS

Programming Languages	Python, C++, R
Web Technologies	HTML5, CSS3, JavaScript (Basics), React.js, Node.js, Express.js, Tailwind CSS
Databases	MongoDB, MySQL
AI & ML	NumPy, Pandas, Scikit-learn, TensorFlow, Natural Language Processing (NLP)
Developer Tools	Git, GitHub, VS Code, Postman, Jupyter Notebook, Google Colab, MongoDB Atlas, LaTeX

PROJECTS

QPcreator *MERN Stack*
Automatic Question Paper Generation System

- Developed a MERN stack web application using React.js, Node.js, Express.js, and MongoDB to automate internal question paper generation based on Bloom's Taxonomy.
- Implemented secure JWT-based authentication with role-based access for HODs and faculty members.
- Designed and managed a MongoDB database for question banks, subjects, modules, and user information.
- Enabled faculty members to create and manage question banks while allowing HODs to generate, review, and export question papers.

INTERNSHIP

Industrial Training Intern 2026
Cochin Shipyard Limited (CSL), Kochi, Kerala

- Completed a two-week industrial training across multiple shipbuilding departments.
- Gained exposure to ship design, fabrication, quality control, and industrial safety practices.

- Observed engineering workflows and large-scale manufacturing operations.

Python Intern May 2023 – June 2023
IROHUB, Kochi

- Worked on Python programming and problem-solving.
- Applied NumPy and Pandas for data analysis tasks.
- Gained practical experience in software development.

CERTIFICATIONS

- Google Cloud Study Jams
- International Seminar on Artificial Intelligence & Machine Learning
- Digital Marketing Workshop – Zoople Technologies
- Generative AI for All – Infosys Springboard

CORE COMPETENCIES

Communication | Problem Solving | Teamwork | Leadership | Adaptability | Time Management | Continuous Learning

LANGUAGES

English | Malayalam | Tamil
